## Profile

Aspiring Mobile Application Developer with a growing expertise in Dart and Flutter, currently deepening my skills in state management with Cubit. Passionate about building seamless, high-performance applications with clean and scalable code. Dedicated to continuous learning, problem-solving, and staying up-to-date with the latest mobile development trends. With hands-on experience in implementing dynamic UI and stateful logic.

## Areas of Expertise

Mobile Application Development - Dart - Flutter - State Management - Cubit - UI/UX Design - Dynamic UI Implementation - Stateful Logic - Problem-Solving

## Projects

**Flutter Developer, ([Google Classroom Clone](#))** **Remote** 01/2025 - 02/2025

- Built a Google Classroom clone using Flutter for the UI
- Allowed students to enroll in courses, view assignments, and submit their work.

**Flutter Developer, ([Bookly](#))** **Remote** 01/2025

- Developed a Flutter app integrating with the Google Books API to fetch and display programming books.
- Users can browse books, view details like title, author, description, and open external links to books.

**Flutter Developer, ([Notes App](#))** **Remote** 01/2025

- Created a simple notes app using Flutter and Hive for local database storage.
- Users can create, edit, and delete personal notes on their devices.

**Web Developer, ([Khair-ZC](#))** **Zewail City of Science and Technology** 10/2024 - 01/2025

- Developed a Charity Club website using Flask (backend) and React (frontend).
- Connected students, faculty, and community members with charity initiatives and events.
- Promoted social impact and involvement in charitable causes.

**Web Developer, ([Readsphere](#))** **Zewail City of Science and Technology** 10/2024 - 12/2024

- Created a Library Management System using ASP.NET Razor Pages and ADO.NET for database interaction.
- Managed books, borrowers, and transactions in a library setting.

**Web Developer, ([JimTan Store](#))** **Remote** 07/2024 - 09/2024

- Developed an eCommerce website with PHP backend and MySQL database.
- Enabled users to browse products, add them to the cart, and complete purchases.
- Implemented user authentication, product management, and order processing.

## Online Courses & Certifications

- A Contestant in ECPC (Jul. 2024) - [Certificate](#)
- Complete Flutter and Dart Development Course (Dec. 2024) - [Udemy](#)
- Flutter Advanced Course Bloc and MVVM Pattern (Jan. 2025) - [Udemy](#)

## Education

**BSc Computer Science** [Zewail City of Science and Technology](#) **6th of October, Egypt** 2020-2024

Relevant Courses: Software Development, Databases, Software Engineering, User Experience

## Skills

- Mobile Development:** Flutter, Dart

- **Web Development:** Laravel, PHP, MySQL, HTML, CSS, JavaScript
- **API:** API Testing
- **Programming Languages:** Python
